The Kala, Samui

The Kala is a luxury boutique resort that offers something more than just a being in a resort itself, but we tend to give our guest a touch of Samui and a gateway experience to be remembered. The Kala’s approach to provide guests needs is about tailoring service individually whether it means they will have breakfast late in the afternoon, a day out fishing or private dinner to impress.

Our goal is to go beyond the luxury hotel and dream holiday. We want our guests to enter into the lifestyle of the extraordinary and provide a quality of service beyond your expectations. Our main focus lies on giving our guests unimaginable amount of surprises that are worth remembering.

Dining Facilities

The 26th Degree

Koh Samui's 26 degrees latitude, 26 degrees longitude location are the precise co-ordinates in which the tree coconut flourishes, creating a verdant, dazzling, dream-like quality across the island. It is this dream like quality that The 26th Degree encapsulates. The menu is contemporary fusion, bringing together the best of international cuisine with the tastes of the region, in one of the world's most exotic

The Rabbit Bar

The Rabbit Bar takes its name from the belief that those born in the year of the rabbit may bring good fortune upon themselves and their family by growing and cultivating the coconut tree. The bar itself is a stylish and comfortable hang-out, ideal as spot to enjoy before and after dinner drinks or as a special night out.

Agarin – The Kala Spa

Agarin, named after the Sanskrit word meaning "Where time stands still," is the luxurious and heavenly Spa of The Kala, Samui, where the pace of life is gently slowed to allow for leisurely and long-lasting indulgence.
